# Election of County Superintendent.

To the School Directors of Forest County:  
Notice is hereby given that the School Directors of Forest County will meet at the Court House, in Tionesta, on Tuesday, the 5th day of May, 1914, at 1:30 o'clock, Post Meridian, for the purpose of electing a legally qualified person as County Superintendent of Public Schools for the ensuing term.

J. O. CARSON,  
Superintendent of Public Schools,  
Tionesta, Pa., March 30, 1914.

## COUNTY SUPERINTENDENT.

We are authorized to announce J. O. Carson as a candidate for Superintendent of the Public Schools of Forest County, subject to the decision of the School Directors in Convention, May 5th, 1914.

## Announcement.

### ASSEMBLY.

ED. REPUBLICAN:—At the urgent solicitation of friends throughout the county, I have consented to again be a candidate for the Republican nomination for Assembly from Forest County at the Primaries, May 19, 1914.

A. R. MEHLING,  
Clairton, Pa., March 31, 1914.

THE best way to discourage the talk about declaring war upon Mexico will be to go out into the rural districts with a counter statement that war will mean increased taxation.

THE total registration for Los Angeles county, California, has reached 210,756. Republicans now lead with a total of 77,772; Progressives have registered 43,894; Democrats, 35,755; Socialists, 14,649; Prohibitionists, 10,355; not stated, 27,841.

WITH the Panama tolls plank of the Baltimore platform repudiated and with the second term plank completely gone, that historic structure built by W. J. Bryan looks pretty wobbly.—Titusville Herald.

ACCORDING to the Forest Service of the United States, yellow poplar, or tulip tree, the largest broadleaf tree in America, has been known to reach nearly 200 feet in height and 10 feet in diameter. Pennsylvania has about 75 million acres of timberland, one-eighth of which is owned by the state. The total value of the state's timber is 139 million dollars.

THE signs of the times were evidenced in Olean, Thursday evening, when, according to the Times of that city, fifty or more of the discharged employees of the Pennsylvania carshops in that city, disappointed at not having received the wages due them at the time they had expected, marched up Union street and called at the home of Master Mechanic Shelby on East State street to see if he could not in some way or other help them out of their predicament. The crowd was an orderly one and not even the next door neighbors were aware that anything unusual was going on in the quiet residential neighborhood. Mr. Shelby talked quietly with the men and assured them that if they would only exercise a little patience their money would be forthcoming.

## Health and Cleanliness.

The time is again here when all citizens should, without delay, carefully clean up all refuse, rubbish, etc., that has accumulated during the winter months, and which if left on lots and around houses, in cellars or any other place, has a tendency to produce disease. It is the legal and sworn duty of the Board of Health to make all lawful endeavor to prevent disease by keeping the town in as good a sanitary condition as possible. The snow of winter kept a great deal of refuse, decaying vegetable matter, uncleaned tin cans, paper, potato peelings, etc., covered up so that it did not appear unsightly and unhealthy. But we should all remember that freezing will not destroy disease germs. They are like rattlesnakes, they may freeze up and be for the time being perfectly harmless, but soon as warmed they are as poisonous as the bite of the rattler.

We find in a cursory examination that a great deal of rubbish, tin cans, loose papers, potato peelings, etc., are lying around in back yards, lots, and other places, which if not cleaned up will soon be a great detriment to health. The old adage may well be quoted: "An ounce of prevention is worth a pound of cure." Our citizens are exceptionally free from disease. The Health Board is required to report every week to the State Board of Health whether any reportable contagious disease is in the borough. Week after week the report goes in that none are reported. This we hope will continue. It is a splendid recommendation for our town. No one desires to move to a town that is full of contagion and disease. Let us then continue to keep good health by preventing disease.

Don't put off "cleaning up" until the Health Officer, or the Board as a body visits you personally, which they have a right to do, and not only look over the lot but visit the cellar if necessary, to see that everything is in a sanitary condition. These annual warnings of the Board have always been heeded and we believe they will be again, and that all premises will be put in proper sanitary condition soon as the weather will permit. "A stitch in time saves nine." BOARD OF HEALTH.

—How would you feel during a flood stage of the river, like that just passed, if there were fifteen or twenty square miles of water seventy feet deep up the streams somewhere, ready to come at any moment?—Franklin News. Well, well, what next? With your county as dry as a bone, you're kicking on the water.

Judge George Kunkel.

Who will be one of the candidates on the non-partisan ballot for the office of Supreme Court Judge at the approaching primaries, Judge Kunkel is serving his second term as president judge of Dauphin county, and became prominent as the judge before whom the capitol graft cases were tried.

## Porkey.

Mrs. Bert Manross was the guest of Mrs. M. F. Catlin over Sunday last and was a visitor at our Sunday school while here.

Mrs. Mathers of Butler was the guest of the Fred Dobson family at Wellers over Sunday, making a visit before going to the west. Mr. Mathers is in Oregon and has his garden planted already. Seems early to us in this frigid climate.

For two Sundays there has been announced preaching services at Minister, and we have been disappointed two times now, but we will be on the "job" just the same when the gentleman comes to talk to us.

The Henton family has gone to Warren county to spend a few weeks with relatives and may remain for some time. Mrs. Henton resigned her position in our Sunday school, as she expects to be absent for some time.

J. W. Dunkle sold a fine cow to Mr. Dunkle of Hastings last week. She was a small "critter" but good things are done up in small packages they say.

April first the scholars fooled their teachers and did other jokes that did not look well in this time and age.

At the dance Oscar Ewings gave last Friday evening some one a stewed cabbage, a powder that makes people sneeze, and almost broke up the festivities by choking some of the attendants. The violin player almost made up his mind to put the "goose in its coffin," and that would have closed the fun for the evening. The one who played the trick lost a small package of the stuff and some one saw it drop, so we all know who had it there.

It is said that a duck raising syndicate is forming here among the younger fellows of this town and Minister.

There are frog faced mittens at Fools creek, we are told, that outlast all other kinds forty ways, but as yet we have not seen them. There are other redeeming features in regard to this particular kind.

The Sheriff school property had a mishap on the boys' side of the fence last week, and Rupert sent F. A. Littlefield up to repair the damage which he did in a fine manner.

Miss Ruth Lindsey of Cozy Nook was the guest of friends at Wellers over Sunday, and attended the Sunday school while here.

F. F. Spencer was at the road meeting at Blue Jay on Saturday last, when matters relative to improvement of our roads were discussed and general business transacted.

Maurice Burdick was up from Mayburg on Sunday and spent the day with his sister, Mrs. J. T. Miller.

Mrs. J. W. Littlefield was called to Barnes, Tuesday, on account of the serious illness of Mrs. C. L. Littlefield, who slipped on the ice in her home and injured herself severely, but at this writing is much improved.

Miss Florence Matie of Tidoute is the guest of her sister, Mrs. J. M. Jackson, at Sheriff, and will spend several weeks in that village.

Mrs. Geo Blum and Mrs. J. C. Black and daughter Gladys, were at Mayburg Tuesday calling on Mrs. John Davis, who is ill with an attack of asthma and has been ordered to higher ground by her physician, and will go to Helen Furnace in a few days.

George Blum and son Elva laid off from their duties at Mayburg Friday and Saturday and built a fine fence around the yard of their home. It is a nice pattern of lawn fence and presents a pleasing appearance.

Elliot Rogers moved to Wellers from Miller's Mill and will make that his home the coming summer. This is nearer the railroad and store which is a great improvement on the woods.

There are now no empty houses in the town of Wellers and only one at Minister, and the old boarding house at Wellers is falling down, but this is to be rebuilt nearer to Porkey for the woodmen this summer. Those who wish to move here will have to build their houses now.

—There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

F. J. CHENEY & Co., Toledo, O., Sold by Druggists, 75c.

Hall's Family Pills are the best.

Stomach Trouble Cured.

Mrs. H. G. Cleveland, Arnold, Pa., writes, "For some time I suffered from stomach trouble. I would have sour stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers.

They were entertained at Mrs. Elizabeth Setley's for dinner, and at the home of Mr. and Mrs. Frank Freelove over night. The meetings were greatly enjoyed.

## Basket Ball At Clairton.

KELEETVILLE ACCOUNT.

The Clairton basket ball team was disappointed in a different way last week than they were the week before. The fast passers from Kelleetville showed up on time Saturday night and when they left they had the Clairton scalp hanging to their belts with the score standing at 22-18. Clairton had their region all on the floor this time. Clairton started off with the first basket, but the visitors came back at once and at only one other time afterward were the locals ahead again. But were not much chance for game work because of the lack of room in the small hall. D. Detar had a chill when he saw the big six footer he was to play. When the game got started, however, Perry soon warmed up and besides putting up a stellar game himself he held his man to one basket. Graham was easily the best shot for the visitors, managing to score five goals, several of which were long ones. R. Detar came across with two pretty baskets, while the Carbaugh brothers outshined each other at the guard positions. For Clairton L. Davis and J. Heasley were the chief point getters. Henderson was smothered so badly by Detar that he was unable to do much, while the guards had their hands full hanging on to their opponents.

## CLAIRTON ACCOUNT.

One of the roughest games ever played on the local floor was played Saturday evening, April 4th, when the Kelleetville high school and the locals met. The visiting five played so rough that the locals had to join in to hold them down but didn't come to the rescue quick enough, Kelleetville landing the game 22-18. The teams put up a stubborn fight all through the game. Although the locals suffered defeat they were never outclassed but played in hard luck, having a number of shots but were unable to locate the basket. Both sides were used up pretty bad. J. Heasley and D. Detar suffering from a hard fall. The game was rough, exciting and well played from start to finish. It was the most interesting game for the spectators played this season. The referees forgot their specs and didn't please either side. Kelleetville "chewed the rag" at every decision. The locals after five minutes of play led off with a foul goal, followed by a field goal from K. H. S. and one from J. L. The count stood 3-2 for the locals until nearing the ending of the first half, when the scorer announced 14-9 for K. H. S. In the second half the locals took the lead at 17-16 but could not hold it. Williams struck the ball a glancing stroke and made a goal for the opponents. Had Williams guarded Graham, the K. H. S. star, close the locals would have no doubt won the game. J. Heasley and Graham starred for their respective teams. The line-up:

C. H. S.—18 K. H. S.—22  
L. Davis (Capt.) RP Graham  
J. Heasley RJP R. Detar  
Henderson RG D. Detar  
M. Davis CG R. Carbaugh  
G. Williams LG (Capt.) C. Carbaugh

Substitutions: D. Heasley for M. Davis; field goals: L. Davis 1, Heasley 3, Henderson 1, Graham 6, R. Detar 2, D. Detar 2; foul goals: R. Carbaugh 2, L. Davis 4, J. Heasley 1, M. Davis 3, Keefeers, Davis and Heasley.
